SUBJECT: August Forecast and Highlights of NRP Satellite
and Aircraft Activities over Past 30 Days

Attached is the forecast of NRP satellite activities
and aircraft overflights for August 1974, and highlight
information for the past 30 days on previously approved over-
flight activities. No entries are made for the IDEALIST/
TACKLE China periphery activities. No IDEALIST/TACKLE missions
were flown during the past 30 days and the program will be con-
cluded by the end of July 1974 when the U-2 aircraft will be
turned over to the USAF.
